

THE GLOBE-REPUBLICAN.

The FORD CO. GLOBE, Established 1877. Consolidated, 1886.
The FORD CO. REPUBLICAN, " 1886.

DODGE CITY, KANSAS, THURSDAY, SEPT. 19, 1901.

TWENTY-FIFTH YEAR. VOL. XXIV, NO. 50.

We join in the sorrow of the people of this country over the death of President McKinley. We agree in all the words of praise and commendation which have been said of his private and official character. William McKinley's name will go down in history with the names of Lincoln and Grant. His public and private life are worthy examples. He had a genial and kind disposition and he was without an enemy. His ideals of home life were exemplified in his public character. He rose from a private soldier in the civil war to the highest office in the gift of the American people. No man not possessing a sterling character of morality and honesty can rise to this high place of trust and honor. The office is not made for the man but the man is made for the office. Only the attributes of the best citizen can gain the confidence and favor of the American people. Mr. McKinley had these and all the virtues of true manhood and ideal citizenship. That he was stricken down by a cowardly assassin, actuated by the meanest impulses, goaded on by the vilest sentiment, makes his death a hard blow to our civil institutions. But the citizens of the United States have now a firmer conviction than ever in the stability of their government. That the assassin's blow, while not aimed so much at the body of the President as against our government, will quicken the patriotic sense and reestablish the people more strongly than ever in the cause of liberty and constitutional government. Like Lincoln and Garfield, President McKinley is a martyr to the cause of freedom of this country, and like his murdered predecessors his name will endure so long as our country shall last. We pay this tribute to his memory in tears and sorrow.

President McKinley died at 2:15, Saturday morning last. The particulars of his death will be found on the inside pages. By reason of Mr. McKinley's death Vice President Theodore Roosevelt becomes President. Mr. Roosevelt after taking the oath as President, said the policy of Mr. McKinley in the administration of the affairs of the government would not be changed. We have reason, therefore, to believe that the confidence which was found in Mr. McKinley will be found in Mr. Roosevelt.

The laws of France cut off anarchists from notoriety. Their trials are not reported in the newspapers. In case of capital punishment the execution is not described and the burial place is secret. These regulations are due to the fact that vanity is a ruling passion with anarchist assassins.

Twenty-four provinces in the Philippines are now under the administration of civil governors. In three provinces only are there remnants of armed bands. The progress made is satisfactory. Before the end of the year pacific conditions may be looked for throughout the entire archipelago.

"I shall continue absolutely unbroken the policy of President McKinley for the peace, prosperity and the honor of our beloved country," says President Roosevelt. The country knows that there is not an atom of doubt that the pledge will be scrupulously kept.

There ought to be a distant island somewhere in the territory of the United States where anarchists can be deported and left to form a new and permanent "group." When consigned to each other's company exclusively they will have no further trouble with civilization.

Cuts and Bruises Quickly Healed.
Chamberlain's Pain Balm applied to a cut, bruise, burn, scald or like injury will instantly allay the pain and will heal the parts in less time than any other treatment. Unless the injury is very severe it will not leave a scar. Pain Balm also cures rheumatism, sprains, swellings and lameness. For sale by Rath & Bainbridge.

EAST END NOTES.

From the Spearville News, Sept. 13.

—W. H. Beck left some fine peaches with us, Tuesday. He has several hundred trees loaded with fine fruit.

—J. C. Jones goes to the encampment and afterwards to Canton, O., to visit with Mr. McKinney, ex-County commissioner of this county.

—Misses Florence and Emma Leidigh expect to depart the first of next week for Colorado Springs to attend the College at that place the coming school year.

—J. R. Baird and Miss Stella Baird go to the Encampment, then on to Buffalo to the Exposition, to Niagara Falls, Indianapolis, and Greencastle to visit J. R.'s mother and family.

—Last Monday morning the excursion to Cleveland carried fourteen persons from this place to attend the encampment, some to visit the Exposition at Buffalo, and all to visit relatives and friends in the east.

—We had the pleasure of driving through lying Mudgett's orchard, last week. Mr. Mudgett has one of the finest orchards in the county and gives his entire time to its care.

—Geo. S. Winans and Louis Upp went to Kinsley, Tuesday, where Mr. Winans has a job of carpenter work to do for Joe Parker. Mr. T. B. Goodrich, of Dodge City, will assist him also.

—We were in error last week in regard to yield of Slattery's wheat. That on sod made from 20 to 23 bushels per acre, instead of fifteen, and the test was from 60 to 63. We are glad to make this correction. We do not usually make the mistake of getting things too low.

—John Slavens, of Dodge City, who also bought a ticket here, goes to the encampment, then to Poland, O., to visit

old home folks. They were a jolly party and will no doubt all have a good time and remain the full limit of their ticket, which is 30 days.

—A change was made in the barber shop, last week, Fred Poorman taking the place of Chas. Alderson. The proprietor, H. Clay Baird, has placed in the shop a neat cigar case and filled it with the choicest brands of cigars, which makes it an agreeable place for lovers of the fragrant weed to pass away the time while waiting for their turn to get a shave.

—Louis Upp made us a pleasant call Saturday. He has decided to give up his trip east this fall and has contracted to work for Geo. S. Winans, this winter. We think he has done a wise thing to remain in Ford county. Pennsylvania may be all right but it can't hold a candle to Kansas. The most energetic people in the eastern states came to Kansas years ago. It is true, some of them left but they have always been sorry of it and are coming back on the run.

Keep Your Face Clean,
your complexion clear, your breath sweet, your head level. Dr. Caldwell's Syrup Pepsin will do this. It cures Consumption, Sick Headache and Indigestion and is a perfect laxative. Sold by Palace Drug Co.

It is a matter of regret that there are those in our midst who have intimated that they are glad that President McKinley was shot; and I am told that a man of the city who claims to be a good citizen, said, when told that the president was shot and killed, "It's a good thing. I guess he got what he deserves." Now in my opinion no good American will favor in any sense assassination, no good loyal citizen whatever his political views, will glory in the assassination of the president of the United States and any one doing so is no better than the one who fired the shot, and, further, he is an outlaw.—Clark County Clipper.

WILBURN NEWS.

—Sunday school convention will be held at Wilburn school house on Sunday next.

—Seed is good in this vicinity, and there will be an abundance of Kafir corn seed.

—Mrs. C. M. Price, who spent a month visiting friends in Toledo, Iowa, returned Friday night.

—The Wilburn Sunday school is flourishing under the superintendency of Forest McCauley.

—The school house at Wilburn has been repaired and is now in comfortable condition. Owing to the repairs the Sunday school on Sunday, 8th inst., was held in Price's grove.

—Early sown wheat is up and is looking fine. More wheat acreage than last year. Farmers have plowed ground for wheat and expect better crops next year. Earth has been torn up in the old fashioned style. Our farmers are getting down to the true way of cultivating for wheat. Old methods no longer hold in Western Kansas.

Cured of Chronic Diarrhoea After Thirty Years of Suffering.

"I suffered for thirty years with diarrhoea and thought I was past being cured," says John S. Holloway, of French Camp, Miss. "I had spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effects of the diarrhoea that I could do no kind of labor, could not even travel, but by accident I was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in reach of all who suffer as I have." For sale by Rath & Bainbridge.

MILLINERY OPENING, Wednesday, September 25th. Don't forget the date. BARGAIN STORE.

FORD EVENTS.

From Our Regular Correspondent.

—J. A. Melia has been appointed clerk of school board in district G3, vice O. N. Nevens resigned.

—Mrs. Samuel P. Yeakel has returned to her home in Kansas City after a lengthy visit with her many friends and relatives in Ford county.

—Geo. W. Inel has sold his cattle interest to his brother, J. F., and has gone to Winfield, Kansas, to finish a theological course in the Winfield college.

—J. A. Melia's outfit finished threshing 1725 bushels of grain for Charlie Pelton, Monday, and commenced on C. Herzer & Sons alfalfa the same day.

—Dave Meador returned Sunday from Oklahoma and is well pleased with his land draw. His son Nelson is quite sick with malarial fever. Dr. Milton was called Monday.

—T. M. Gray is among the wheat autocrats this year, only lacking a few tips to make his output 2900 bushels, so if Tom can keep those young Chester Whites and little Berkies out of deep water he will have some fine wheat fed porkers in the hopeful "by and by."

—Ford schools commenced Monday with an encouraging start, with the popular and efficient teachers, Miss Lizzie Motts as principal and Kathlene Morrison, assistant. Both are ex-teachers of the Ford schools. In their present positions with the confidence and respect of patrons and pupils, and if parents will do their part as loyal supporters of the schools and have their children regular and punctual in attendance to save annoyances to teachers and classes, the term will promise success.

Geo. W. Lane, Pawnee, Mich., writes "Your Kodol Dyspepsia Cure is the best remedy for indigestion and stomach trouble that I ever used. For years I suffered from dyspepsia, at times compelling me to stay in bed and causing me untold agony. I am completely cured by Kodol Dyspepsia Cure. In recommending it to friends who suffer from indigestion I always offer to pay for it if it fails. Thus far I have never paid." Rath & Bainbridge.

Bicycles for rent at the Novelty Works

GREAT NEWSPAPER BARGAIN.

The Semi-Weekly Capital and The Globe-Republican One Year for \$1.50.

The Semi-Weekly Capital, published at Topeka, is one of the best farm newspapers published anywhere. Realizing that a good market report is one of the most valuable features of farm newspapers, the Capital prints twice a week a full report of all the markets of the world, including Topeka, and the report is absolutely reliable.

It prints the news of the civilized world fresh from the wires of the Associated Press, covering the field more thoroughly than any of the metropolitan weeklies. But in the matter of Kansas news, it has no competitor, our large corps of special correspondents enabling us to cover the field thoroughly. Outside of your own home paper, you can get more local news from the Capital than from any other paper published.

Editorially it labors unceasingly for the State's moral and material welfare. While strongly Republican in politics, its editorials are fair and unprejudiced, and its news columns are open alike to the doings of all political parties.

It is printed twice a week for only \$1.00 per year. Order it in connection with the GLOBE-REPUBLICAN for only \$1.50.

You Know What You Are Taking
When you take Grove's Tasteless Chill Tonic because the formula is plainly printed on every bottle showing that it is simply Iron and Quinine in a tasteless form. No Cure, No Pay, 50c.

You Are Careful...

In the selection of your banker—why not more so in the selection of your druggist. The former is the custodian of your money, the latter the keeper of your life.

We wish to call your attention to OUR Prescription department to which we point with pardonable pride. We have given it much careful attention. Prompt, reliable service, crude drugs pure, and all preparations made with the utmost care.

Braymer, Mo.**

ROYAL BAKING POWDER

ABSOLUTELY PURE
Makes the food more delicious and wholesome
ROYAL BAKING POWDER CO., NEW YORK.

GRAY COUNTY NEWS.

From the Cimarron Jacksonian, Sept. 12.

—There ought to be a stringent law against "slaughtering" prairie chickens.

—Frank Meyers, the injured man, is improving rapidly. Fred Zahrl, who came here to look after him, expects to start for Brussels, Ill., with him tomorrow.

—The price of rye has jumped from 50 to 60 cents in the last two weeks and will go higher. In fact, we are reliably informed that it is selling at 80 cents on the Pawnee now.

—D. A. Lupton threshed 1100 bushels of wheat and other small grain this year, and isn't making a big fuss about it either. D. A. works for what he gets, votes the Republican, is out of debt and always happy.

—Virgil Price, who is working on the section in Colorado, sends his father a check for a goodly amount of his monthly earnings. That's the kind of boys to raise. Virgil is setting a good example that other boys in Cimarron might well emulate.

—Milt Hopper, who has been on earth about forty-five years, encountered his enemy the other day in the shape of a common house fly, which bit him on his left cheek inflicting a very painful wound. It is the first case of the kind we ever heard of.

—Jessie Lee, Clay Barton, and Billy and Herman Miller are putting up hay on the Earle place down the river. The grass is very thin on the ground and comes pretty high considering the price of labor, but Harry says he must have something for Billie for his cattle this winter.

—The Globe-Republican says "A Roosevelt club has been organized at Cimarron." A little bit premature, Bro. Klaine. The Roosevelt club has not materialized yet. Cimarron is not much on clubs, but the Roosevelt sentiment is strong and may be crystallized, sooner or later by the formation of a club.

Last winter the weather was exceptionally mild; this summer it was unmercifully hot, and to make matters worse some of the prophets predict an extremely cold winter. It should be so it would be fitting close to a year that has had wars, droughts, famines and everything else that has been given to man since Adam was placed in the garden of Eden.

—Doc Barton was down from Ingalls Tuesday. Doc takes a cheerful view of the feed question. He says there will be plenty of feed to supply the demand and that feed will be worth less in the spring than it is right now. He says it will be many years before cattle will be as cheap as at present. Doc Barton's judgment goes with the Sentinel on almost any old thing, and we feel better for having listened to him.

—Local ninnyrods were warmed up to a white heat Saturday by the event of three Dodgeites armed with good shotguns and leading three fine dogs. They took home with them a gunnysack full of fine fat prairie chickens as a result of their splendid gunnery. They claimed to have been invited up to the slaughtering by a prominent citizen of Cimarron. Local sportsmen resent the intrusion and say they are able to take care of all the game in Gray county.

Sunday School Convention.

Wright School House, Saturday, September 28, 1901.

10:00 a. m. Devotional Services.....
10:20 a. m. Building up a Youth's Class.....

Rev. McCormick. Discussion by J. M. Dickerson.
3:40 p. m. County Work.....
4:00 p. m. Business. Adjournment.

Gun repairing, etc., key filing and all kinds of repairing at the Novelty Works, 3 doors south of the RINK.

BUCKLIN BREEZES.

From our Regular Correspondent.

—E. S. Gordon has the stone on the ground for a residence over on the east side.

—J. W. Dillinger is putting up a dwelling on south Main street for Van Vanvorhis.

—T. S. Lane and Will Hazelett went to Dodge City on business Monday, returned Tuesday.

—H. P. McCaustland made a business trip to Dodge City, Tuesday, returning Wednesday.

—G. W. Thompson is able to be on duty again at Trager's store, after a few days illness.

—J. R. McBrayer has completed his house on Ford avenue, and Mr. Murphy the yard master, has moved into it.

—T. J. Taylor has put an addition to his restaurant for bed room for his patrons. Bucklin is long on eating houses but short on sleeping room.

—Mrs. L. L. Hammer and Miss Stella Hammer returned last week from a trip to Texline, Texas, where they went to visit a sister of Mrs. Hammer.

—H. C. Hilton went to Dodge City Monday and returned—well he has not returned at all yet, but perhaps he will before this gets into print.

—Miss Myrtle Cunningham, who has been making her home with her uncle, J. A. Hinkle, for the past year or two, left for her old home in Indiana last Tuesday evening.

—Mrs. G. W. Swartout returned Tuesday from her daughters in the eastern part of the state where she went some weeks ago to help take care of her sick grandson.

—Mrs. H. C. Barnes expects to start Thursday evening to her old home, Postville, Iowa. Mrs. Barnes goes there to nurse her husband's mother, who is down with a broken hip. The time of Mrs. Barnes return is uncertain.

—H. DeBaun went Monday out to Robert Housel's to build a new dwelling house for him, do not know the size of the house but understand that it is to be a goodly sized structure, larger than one would think a bachelor needed.

—A. G. Drake and C. W. Raymond shipped four ears of cattle, E. A. Gildermeister one ear of cattle, L. M. Taylor one ear of hogs from here Tuesday morning. C. W. Raymond, E. A. Gildermeister, A. W. Gurin and J. W. Emmons went with the stock to take care of it and to take in the sights in Kansas City.

—And now it is W. H. Dillinger that is performing acrobatic feats and walking on air, or at least he feels that way. We guess he comes down to the ground once in a while long enough to get behind the house, put his head in an empty barrel and say, Papa, just to hear the echo; and all on account of that "little" girl that came to his house last Saturday. The mother is doing well, and it is hoped by Will's numerous friends that his pulse will become normal in the course of a week or ten days.

—Charles Vanvleet, of Illinois, paid a short visit to Bucklin and vicinity. He returned to his home last Thursday. Mr. Vanvleet lived in this county for a number of years but like many others he became discouraged a few years ago, pulled up stakes, and went back to Illinois, thinking that he could do better there than here, but now he knows better. I talked with him just before he started for his home. I asked him when he was going to move back here, for I know that about four of every five that ever lived here wanted to get back. His answer was, I am going to try and get back the coming winter; then he said, I will change that and say that I am coming back this winter. Mr. Vanvleet says that he has better health here than he has there and that is the paramount issue with him, but he says that he can make more money here with the same amount of physical and mental wear and tear than he can there, and he is coming back.

Chamberlain's Cough Remedy a Great Favorite.

The soothing and healing properties of this remedy, its pleasant taste and prompt and permanent cures have made it a great favorite with people everywhere. It is especially prized by mothers of small children for colds, croup and whooping cough, as it always affords quick relief, and as it contains no opium or other harmful drug, it may be given as confidently to a baby as to an adult. For sale by Rath & Bainbridge.

Every thing in the Bicycle line at the NOVELTY WORKS.
